Dementia and Aged Care Services

Tweed Valley Respite Service Inc. is an organisation which has been providing a range of support services to the Tweed community.

Aged Care Services aims to provide innovative, flexible, person-centred respite options for frail aged, people with dementia and related conditions and their carers.

Aged Care Service offers a range of programs designed to support self-esteem through a person-centred approach to service delivery. The service provides support which is responsive to the needs of our clients.

Programs include:

Cottage Program

Centre based day respite programs conducted at the 'Cottage' which offers a friendly home like environment.

Evening Program

Centre based & community participation programs conducted in the evenings.

Small Group Programs

Small groups participating within a community setting.

Challenging Behaviour Program

Individually designed programs for carers of people experiencing behaviours of concern.

Working Carers Program

Extended day care and individual assistance for working carers.

Carer Support Group

Meets monthly and provides support to carers. The meeting responds to the needs of carers.

Life Connections

Educational, leisure activities, group counselling all designed to support the carer in their caring role.

Care 4 U

Dementia specific holiday programs designed for the carer and the person they are caring for.
